

Ramadan is the ninth month of the Islamic calendar, which lasts 29 or 30 days according to the visual sightings of the crescent moon. It is the Muslim month of fasting, in which Muslims hoping for spiritual Reward from Allah will refrain –from dawn until dusk only –from eating & drinking, forged speech & evil actions, such as fighting and quarrelling, and increased recitation of the Quran. The benefits of fasting are many, but in this month, they are amplified. Muslims fast in this month for the sake of demonstrating submission to God and to offer more prayer than usual.

In UAE, like any Muslim country, it is recommended not to eat, drink or smoke in the streets or the shopping centers, as well as the woman clothing is recommended not to be very open or short.
