

FIND YOUR SUITE SPOT

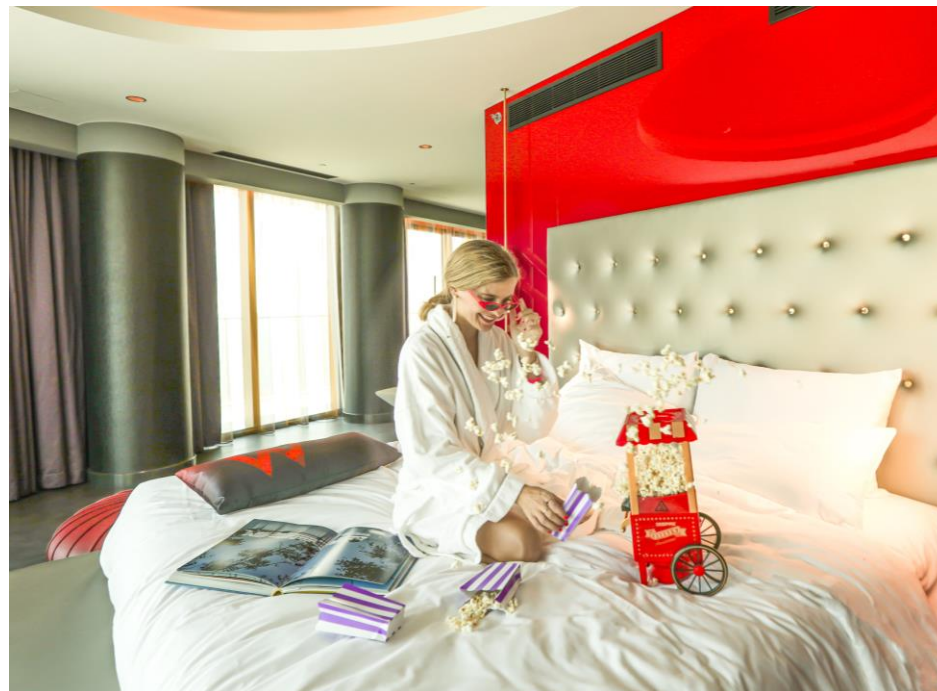

PLAY YOUR WAY

Select your suite choice from [vdubaithepalm](https://www.vdubaithepalm.com) and receive your Pop & Play menu once you've checked in. Included are out-of-the-ordinary room amenities and quirky games, as a suite guest, you can take your pick and order everything from water guns to karaoke microphones.

Ideal for adults who like to play and those with a sweet tooth, the 'Pop and Play' menu also comes with a choice of popcorn and candy floss machines. For the more fuel-focused, get a workout mat, medicine ball and kettle bells to keep those calories at bay! Keep it fun with super-sized blow-up pool floatables or jump into your own in-suite ball pool.

The new features come at no extra cost and are included within the suite package price. But for those looking to spend more there are out-of-the box experiences on offer including turning the suite into your own private party playground complete with DJ to setting up a cocktail and caviar bar.

HOW IT'S DONE

Any guest that books a suite (excluding W suites) will receive a bottle of complimentary bubbles or sparkling date wine, attached to this is a balloon that says pop me to play. Once popped, the PLAY menu will be revealed and the guest can choose any of the below items. (subject to availability)

It does not matter which channel the booking came through – retail or wholesale as long as they are paying a Suite rate.
