

# RAMADAN ETIQUETTE

Ramadan, the ninth month of the Islamic calendar, observes fasting as one of the Five Pillars of Islam. In 2023, Ramadan is predicted to take place from Thursday, 23rd of March and predicted to end on Thursday, 20th of April.

Ramadan is determined by the Islamic lunar calendar, which begins with the sighting of the crescent moon. Saudi Arabia and other Muslim-majority countries rely on the testimonies of moon sighters to determine the start of the month.

During this period, the United Arab Emirates undergoes significant changes as many establishments adjust their operating hours. Shopping malls and public places are a buzz with activity after sunset, extending late into the night. Besides adhering to the regulations for visitors during this annual observance, the month of Ramadan offers a unique opportunity to immerse oneself in traditional Emirati culture and cuisine.
