НАШИ **НОМЕРА**

НАШИ **НОМЕРА**

A photograph of a restaurant interior. In the background, a chef in a white uniform and tall hat is working behind a counter. The wall behind the chef is covered in a grid of small, square, illuminated tiles. In the foreground, there is a dining table set with white cups, saucers, and glasses. To the right of the table, there are two large, white, textured lamps with yellow, woven shades. The overall atmosphere is warm and modern.

Gowden Club

GOWDEN CLUB

An aerial photograph of a resort pool and deck. The pool is a large, rectangular, turquoise-colored body of water. To the right of the pool is a wooden deck with numerous lounge chairs and large, colorful umbrellas in shades of red, orange, and blue. The deck is bordered by a grey stone walkway. In the bottom left corner, there is a dark area representing the sea, with several white birds flying over it.

KIDS *group classes*

Exclusive Sports for Kids offers a variety of sports activities in group lesson formats for children.

Designed for all age groups, these classes aim to develop children's physical and social skills while providing a fun learning environment.

Led by fitness specialists, our lessons support children in enjoying sports and adopting healthy lifestyle habits.

At Exclusive Sports for Kids, we prioritize helping each child discover and develop their potential.

LOW INTENSITY KIDS CLASSES

Low-intensity activities for children are physical exercises conducted at a slower pace, designed to keep their bodies under less stress.

FUNCTIONAL KIDS CLASSES

Functional fitness activities for children consist of a program focused on developing the movements they need in daily life, typically involving bodyweight exercises.

KIDS AQUA CLASSES

These are special group lessons conducted in water, allowing children to have fun while performing various exercises both underwater and on the surface. The water resistance helps increase their muscle strength while placing less strain on their joints.

DYNAMIC KIDS CLASSES

Fast-paced movements are energetic physical activities typically performed to music, involving variable exercises. These activities help children improve their cardiovascular endurance while enhancing their muscle strength and flexibility.

KIDS ACADEMY

This program aims to increase interest in basic sports disciplines and engage children through small competitions. Offered with expert trainers, the program focuses on teaching essential skills in sports like football, basketball, and swimming, ensuring that children have fun while being active.
