Here, you can indulge in the freshest seafood delivered daily from the fishing port or imported from abroad from premium suppliers. Upon the smoky embers of the outdoor barbecue, delve into grilled jumbo shrimp and lobster, oysters, mussels and juicy clams along with native fish species such as grouper, basa and king fish. Prepare yourself for mouthwatering and succulent steaks, chops, tenderloins and much more along with a delectable range of rich sauces and side dishes.

Gourmet food comes from great ingredients combined with the best preparation. At El Primo Steakhouse, we use only the most advanced techniques to draw the maximum flavor from our premium imported meats. A state of the art dry-ageing room is the only one of its kind in the region, and has been specially constructed so that a temperature of 2°C and humidity of between 80-86% are strictly controlled.

Here, the meat will dry-age for up to 28 days which causes the fibers and muscle to break down as moisture is released. The result is a wonderfully tender cut of marbled meat that is bursting with flavor, and so tender it will practically melt in your mouth.
